I am what I am  
I'm not what I look (like)  
So holy and pure  
I've got honest blue eyes  
But you see right through me  
How do you stand?  
To watch all my lies  
When you know what's inside  
I've been faking all my life  
Said I'm yours when it's not true  
Now I'm ready, take your knife  
Cut off what's not you

Chorus:  
No more makeup  
No more makeup in my life I'm through with that  
Wash my face, use my tears  
Lord make me real

I've put on a mask  
A clown full of clouds  
I'm religious type A  
So flawless so perfect  
I know what's expected  
I know how to act  
But inside of me  
Lurks the creature of darkness  
Wanna make a change from now  
I've decided where I stand  
I surrender all to you  
Lord Jesus I'm Yours
