I'm gonna give you some anger  
Coming straight from my heart  
I've had enough now  
I don't even know where to start  
To tell you why my heart do cry  
When I see all the damage caused by my brothers in  
faith  
You make up rules you build up walls  
You think you're building the kingdom of God  
Instead you're ruining it  
You're so radical and proud of it  
It makes me sick

Chorus:

Radical

(Now take a look at what you do)

You're so radical

(You think that Christ is pleased with you?)

Radical, but you're holding back your friends from his  
love

(It's God damned)

Radical

(I'll never fit in to your system)

You're so radical

(You must accept that I'm a Christian)

Radical

(I recall the words of Paul: "You're not the Judge")

You're not the judge

But still you act like you are

You say believe in my way or don't believe at all

Can't you see you're holding back your friends

From seeing who Christ really is

He said: Come as you are, my love will cover it all

This is the deal I'm not like you

But still my focus is high

So step back Satan, I see through your disguise

And I won't listen to you when you say my faith isn't  
enough

Chorus
