Ready or not my words grow loud
Can you hear? Can you tell?
I'm making sound
Ready or not my heart starts to pound
Can you hear? Can you tell?
I'm making sound

I see north, I see brightly
I see you, I see whitely
Can I fall and still break free?
Can I sound to you perfectly?

Ready or not my feet hit the ground
Can you hear? Can you tell?
I'm making sound
Ready or not I breath in and out
Can you hear? Can you tell?
I'm making sound

I see north, I see brightly
I see you, I see whitely
Can I fall and still break free?
Can I sound to you perfectly?

I see north, I see brightly
I see you, I see whitely
Can I fall and still break free?
Can I sound to you perfectly?
