I'd stay another day  
If I could do so without feeling so ashamed  
Don't make me feel like I'm to blame for your demise  
I won't just turn away from each manipulated, obvious  
mistake  
And, no, I won't step over truth I can't deny

So just believe it, it won't take long  
Just for once don't think a million people can't be wrong  
So now I'm leaving, I'm moving on

Chorus:  
And I don't want to be with you  
But I don't know what I would do without you  
Still, I'll be packing up my suitcase  
'Cause I'm leaving. I'm moving on

Suppose I might give you due props  
For putting up such a good fight  
Some day you might know why I put up mine  
I've taken your advice and tried my best

To sort the wrong out from the right  
But all in all, honestly, you have so enlightened me

So just believe it...  
[Repeat chorus]

I'd never leave you with a frown  
I'm not as bitter as I sound  
In fact, I think I'd still be lost  
If our paths hadn't crossed

So just...  
[Repeat chorus]
