A friend reminded me of you today
I couldn't help but wonder how you'd aged
I wrote a letter that I plan on sending out tonight
And I only hope you're turning out alright
I've got to say, I find it kinda strange
How you and I hung out back in the day
The only girl to understand me took her share of drugs
What that says of me I can't quite figure out

Chorus:

Maybe I'm crazy for hanging out with you
Maybe I'm wrong for hiding from the truth
But now that you're gone
I see that I know it all along and didn't care

There's aspects of the past that I would want to change
I know I'd change the way I looked at you
If I knew what was in you I'd have never let you out
Yeah, I'd have held you to your word
I'd force you to recross your heart
