I'll say  
Just about anything  
I've got  
This paper and a pen

It's quite  
The plot to do me in  
Short fight  
And stationary wins

Takes time for all that you want to say to come out right  
That's fine until every word becomes immortalized  
I find the more you can see, the more I realize  
I need time

I'll try,  
Try not to think of it  
Just once  
Ignore the consequence

Why lie?  
There's just no other way  
To write  
The things i want to say

Takes time for all that you want to say to come out right  
(come out right)  
That's fine until every word becomes immortalized  
(comes immortalized)  
I find the more you can see, the more I realize (realize)  
I need time

Often times things I want no one to hear  
I must shout  
What I want screamed from the rooftops must not  
Be let out  
So hear what you want  
Take what you need  
It's yours to own, it's finished with me  
And I still believe that I meant everything  
At one time  
At one time

Takes time for all that you want to say to come out right  
(come out right)  
That's fine until every word becomes immortalized  
(comes immortalized)  
I find the more you can see, the more I realize (realize)  
I need time
