This is the annoying song Â– la la la la la
YouÂ’ll hate it but youÂ’ll sing along Â– la la la la la
ItÂ’ll make its way inside your brain
And slowly drive you and your family insane Â– la la la
la la

YouÂ’ll sing it when youÂ’re in your car Â– la la la la la
YouÂ’ll sing it at the salad bar Â– la la la la la
You can try to drown it out
And turn your radio up loud but all youÂ’ll hear is la la
la la la

I wish I could buy a gun
And shoot myself through both eardrums
So I could never hear that song again
And get on with my life
That stupid la la la la part has wormed its way into my
heart
And I will sing it till I go insane and wake up screaming
Agggghhhhhh

This song doesnÂ’t need another verse Â– la la la la la
WeÂ’re just singing it to make things worse Â– la la la
la la
And from Tokyo to Austria in every karaoke bar
TheyÂ’ll all be singing la la la la la
La la la la la
La la la la la
