you're a diamond in the rough, baby.
a werewolf on the hood of yer heartbreak.
you're a diamond in the rough, baby.
a werewolf on the prowl, come and save me.

sights are set ahead on mystic waters.
your thoughts are on a love you can't remember.
let's put a (???) into (???) weather
and when those bitter winds blow through we'll huddle
together

you're a diamond in the rough baby.
a werewolf on the hood of yer heartbreak.
you're a diamond in the rough baby.
a werewolf on the prowl, come and save me.
