Looks like were holding hands,  
Who knows exactly what this all could be...

All I know is that I feel fine  
When I pretend your mine  
And you lie close to me.

I'm finally laying somewhere  
Where I'm happy that I'm here,  
And my troubles said goodbye  
And the heartache disappeared.  
I miss you most when I try to act  
Like I don't care about the warm hands,  
I think that were best friends.

I like your face.  
That's why I stare.  
You're everything  
I hoped a girl could be.

So here's a toast to laying close.  
I'm comfy now and I just won't leave.

I'm finally laying somewhere  
Where I'm happy that I'm here,  
And my troubles said goodbye  
And the heartache disappeared.  
I miss you most when I try to act  
Like I don't care about the warm hands,  
I think that were best friends.

You and me we could be...  
You and me I could see...  
I'm in it for the long haul...  
I like you.

You and me we could be...  
You and me I could see...  
I'm in it for the long haul...  
I like you.
