At my best, I'd suggest I've been weird since she left.  
It's normal autumn stuff, I guess I never thought  
enough.

Look at me almost free from my crippling disease,  
shoot bullets through my foot I think that'd work out  
real good.

Call me out, call me out, she's calling me out.  
And I guess she didn't know better cause she  
Called me out. Call me out, shes calling me out.

I guess that's why  
she's got her own man now.  
She's doing fine.  
She's got her own man now  
and I guess that's why she called me out.

Call me out, whats she talking about?  
I guess she didn't know better  
cause she's got her own man now.

At my best put to test I'd score average or less.  
I can't apply myself if I could just untie myself.  
She wants the yes's gets the no's before long there she  
goes.  
I guess she dug too deep and now she's just too  
bugged to sleep.

You made yourself the guest of honor  
and the party got stopped  
and everybody just went home.
