I tried to breathe fresh air tonight to a dead lung
And I tried to take on the world tonight, but I'm too
dumb (too dumb)
I'm fighting the urge to drown but the water's too
shallow

You played the CD, it spun around
As I spun around
As my head spun around
In your bed, lay silent, play dead,
We'll spin around, we'll spin around
Stay in your bed, lay silent, and play dead

The person I have stuck to my bones is boring
How the f*ck is it already three in the morning?
She stood me up
So I split the place, tried to save face,
The party was lacking something to embrace,
I'm sick of hanging out with you,
If all you're gonna do is ignore me

You played the CD, it spun around
As I spun around
As my head spun around
In your bed, lay silent, play dead,
We'll spin around, we'll spin

Took your hand (took your hand)
Followed you (followed you)
Up the stairs
Did what you asked me to,
In your room (in your room)
Finally (finally), quiet now
I did what you said to

You played the CD, it spun around
As I spun around
As my head spun around
In your bed, lay silent, play dead,
We'll spin around, we'll spin around

Stay in your bed, lay silent and play dead,
Stay in your bed, lay silent
And play dead
