Ruined again, what did I do?
I've been caught up and distracted by you.
I held the moment in the palm of my hand and watched
it crumble.
I tried to understand how you could be so normal
And I could be so awkward day after day.
I hate to break the bad news, but I am nothing like you.
Still, you call me all day.

Why is it that you touch me like you want me
And you look my in the eyes like you've never seen a
boy before,
A boy before me?

Meet me at the back door just so we can talk more.
Now I'm asking myself what I broke your heart for.

I never wanted to embarrass you or say anything that
wasn't true.
Left me wide open eating out of your hand.
I watched your car leave. I didn't understand.
How I could be so stupid, how it got so confusing,
Still tension in the air. If you want to hurt me,
Then you should just desert me, now since you are
aware.

Why is it that you touch me like you want me
And you look my in the eyes like you've never seen a
boy before,
A boy before me?

Meet me at the back door just so we can talk more.
Have we both really changed for the better?
Now I'm asking myself what I broke your heart for.
I count the hours until we're together.

Meet me at the back door just so we can talk more.
Now I'm asking myself what I broke your heart for.

I'll most likely spend tonight alone.
I'd throw a party but no one would come.

I'll be waiting outside till your car pulls up
With butterflies slicing holes in my gut.
I don't want to ruin this again.

Have we both really changed for the better?
I count the hours until we're together.

Meet me at the back door just so we can talk more.
Now I'm asking myself what I broke your heart for.

Meet me at the back door.
