I'm sick and tired of the city white noise I duck and cover with my digital toys I got the long shot, kick the bucket, scarface, yeah, you've got it Big five, wet dream, rude boy, yeah, you rock it!

Turn it up, turn it up, turn it up I wanna hear that song again Turn it up, turn it up, turn it up I wanna play it to the end

I'm a mass-transit baby, but I'm going nowhere I've got time-lapse vision and a 1000-yard stare, yeah Electric Ladyland, Speed King, Iron Man Communication Breakdown, Tommy, get out of town!

Turn it up, turn it up, turn it up I wanna feel it in my head Turn it up, turn it up, turn it up I wanna know what that song just said

Turn it up, turn it up, turn it up Come on, shake me to my bones Turn it up, turn it up, turn it up I'm getting crazy on my own

Turn it up, turn it up, turn it up I wanna feel it in my head Turn it up, turn it up, turn it up I wanna know what that song just said

Turn it up, turn it up, turn it up I wanna hear that song again Turn it up, turn it up, turn it up I wanna hear it to the end, yeah
