You, haven't got to say
What you think you need to say
I already know,
You played a part in a stupid show

Now you're wondering how Iâ´m wandering
Through the maze between the heartaches

(Refrain)
Crashing and burning
This turns out surreal
Crashing and turning
You know that I feel
Your chances are over the curtain is down
Now it's turning down
The lights are out

Stop all your acting now
For this performance
I take a bow
You could've had it all
Now you are playing a fallen star

And you're wondering
How Iâ´m wandering
Through the maze between the heartaches

(Refrain)
Crashing and burning
This turns out surreal
Crashing and turning
You know that I feel
Your chances are over the curtain is down
The lights are out

Stop the masquerade
There's no one left
Just you and me
Just empty seats
Don't say your lies
Say what you feel
There is no script

This show is real
Or if you can't I have to leave
The stage behind
And say goodbye...
I say Goodbye!

The show is Over!
(Crashing and Burning
This turns out Surreal)

The show is Over!
(Crashing and Turning
You know that I Feel)

The show is Over,
Over, over, over over,
And over, and over!

Crashing and Burning
This turns out surreal
Crashing and Turning
You know that I feel
You coulda had me the Curtain is down
The lights are out
