We roll up  
Like no one can do it baby  
It's lights out  
Turn the f\*\*king system up  
It's one night  
Rolling through your town tonite  
So stand up  
Space and Cinema Bizarre

So get up  
Nod your head and tell me  
It's what's up  
It's getting hot and heavy  
The phone's on  
Take a picture we don't care  
So get up  
Let me hear you sing it out

[Chorus]  
I came to party  
And you came to party  
So why don't we party together

I came to party  
And you came to party  
So why don't we party together

We all stars  
You and me and her together  
We go hard  
We don't give a f\*\*k whatever  
It's one night  
Throw your f\*\*king cameras up and  
Let's go  
It's Cherry Boom and Red One

So get up  
Nod your head and tell me  
It's what's up  
It's getting hot and heavy  
The phone's on  
Take a picture we don't care

And if you got one  
Put your drink up in the air air air

[Chorus]

Doesn't matter anyway  
Know that we can't stay  
Know you had a boyfriend anyway  
Got my picture on your phone  
When you're all alone  
Know we got to go  
Let me hear you sing it out

[Chorus]
