Two weeks have passed  
Since she last asked me for an answer  
And I'm sorry now  
But thinking back I thought that

Maybe I could please you but I can't so now  
I made your bed while you were in the shower  
I guess I think at a hundred miles an hour

And any minute she'll be back  
To ask me if I got the answer now

Still she waits for me  
Still she waits for me

Miss independent, you've got everything you need  
To make it on your own  
You say you're happy but I know that  
You're still waiting on the telephone

We started out when everything was easy  
But you're still thinking about the way we could have  
been  
Two weeks have passed since she last asked me  
For an answer and I'm sorry now

Still she waits for me  
Still she waits for me  
Still she waits for me  
Still she waits for me

I'm putting pressure on my wounds  
To stop the bleeding but I'm passing out  
Can't ask me back or make me better  
You're the devil and you bring me down

Don't want to tell you about the way I really feel  
But you're still pushing a heart that's only made of  
steel  
And any minute you'll be back  
To ask me if I got the answer now

Still she waits for me  
Still she waits for me  
Still she waits for me  
Still she waits for me
