[Verse 1]

I was walking in the shadows
So nobody cared
You smiled at me from the distance
And we felt there's more to share

[Bridge 1]

All these memories
They come back
When I'm asleep
You've taken my dreams

[Chorus]

I don't need no fakes around me
All I want is you to be with me
Here I am
All these words have lost their meaning
I just hope you hear
My silent scream

[Verse 2]

I still hear the distant voices
Spreading rumours and lies
I took you to my darkest places
So far away from the skies

[Bridge 2]

I would charm you
We made vows
To not let go
But where are you now?

[Chorus]

I don't need no fakes around me
All I want is you to be with me
Here I am
All these words have lost their meaning
I just hope you hear
My silent scream

[Middle 8]

I'm so numb
Can't you hear me?

Here I am
There is something
Inside me
That still wants to feel
(My silent scream)
