We have been told
There's only one way to go
But we live different lives
Dreams to unfold
Like a kaleidoscope
Reflecting hundred skies

No hiding
No faking
This life can be amazing
You want it
You need it
Beware! It's so contagious

Call it strange
This is the way we are
Far beyond your dreams
Break your chains
Open your mind for more
See what it's like to be
The way we are
The way we are

We are so high
We dance on the edge of the sky
Where no one dares to go
Flashes of light
Tell us the time is right
To blow your mind once more

No hiding
No faking
This life can be amazing
You want it
You need it
Beware! It's so contagious
Call it strange
This is the way we are
Far beyond your dreams
Break your chains
Open your mind for more
See what it's like to be

The way we are
The way we are

No hiding
No faking
This life can be amazing

Call it strange
This is the way we are
Far beyond your dreams
Break your chains
Open your mind for more
See what it's like to be
The way we are
The way we are

Call it strange
This is the way we are
Far beyond your dreams
Break your chains
Open your mind for more
See what it's like to be
The way we are

No hiding
No faking
This life can be amazing
The way we are
