Yea, I ain't scared of you motherfuckers  
I ain't no killer right  
But y'all niggaz gon' make me one  
For real.. leave me alone, shit  
You fuckin with the wrong one brotha  
I'm telling ya

I'm sittin in the crib dreamin 'bout killin ya  
with machine guns shotties, desert Eag' dillingers  
putting a bullet as big as a battery through a niggas  
anatomy  
and watchin him die slow  
you need full clips to push up in the joint  
when you in the kinda truck that I push up to the joint  
cuz theses motherfuckas will push him to the point  
that you'll end up locked down doin push ups in the  
joint  
but they'll box you in the corner  
and you can throw ya fists up and act like you a boxer  
on his corner  
ride wit ya gun in your glove box instead of on ya  
you'll be six feet deep in one of them boxes if you  
wanna  
not me, I squeeze the clips drop from the handle  
till your remains is in a urn on top of the mantle  
till everybody scramble off the block like they Randall  
(run)  
till there's a mural on your block and some candles  
who wanna die?

[Chorus]

I don't wanna kill no one but I ain't no motherfuckin  
punk  
I don't wanna kill no one but I ain't no motherfuckin  
chump  
I don't wanna kill no one but I ain't no motherfuckin  
clown  
cuz I'ma have to kill someone just to get some respect

my teflons will have you screamin like Wyclef Jean  
(someone please call 9-1-1)

but if they ever get the watch on my left arm  
ima have Marbury (more buried) than that guy Stephon  
first, they put that white sheet over you brother  
then the newspapers put you all over the cover  
then you in a suit one hand cross over the other  
last you in the earth with the dirt over you brother  
a tinted hearse is what most men leave in  
followed by a limo full of family and close friends  
greavin  
one pull of marijuana  
ima wanna kill you as bad as The Terminator wanted  
Sarah Connor  
but, I'm loosin my patience  
fuck it, send me to the island I could use a vacation  
now it's easy for me to understand  
how you could just kill a man

[Chorus]

I don't wanna kill no one but I ain't no motherfuckin  
punk  
I don't wanna kill no one but I ain't no motherfuckin  
chump  
I don't wanna kill no one but I ain't no motherfuckin  
clown  
cuz I'ma have to kill someone just to get some respect

I'd rather be,  
judged by twelve than carried by the six  
My gun ain't on my man or carried by my chicks  
My gun ain't in my crib or carried in the six  
If I'm right here nigga then its right here nigga  
Picture me put in my hearse  
like I ain't gotta clip full of hollow tips to put in these  
jerks  
I might as well put in the work  
Spit 'em up outta here then get 'em up outta here  
I got the juice, like bishop had wit him  
That just don't give a fuck, semi  
Like ol' dog had wit him  
I'm sayin prayers for my enemy  
I hope god bless him, before the fucker run into me  
I dunno what the fuck has got into me  
But I know I don't want them slugs goin into me  
I'm just tryin to live my life  
So niggas better give me my respect or give me life

[Chorus]

I don't wanna kill no one but I ain't no motherfuckin  
punk  
I don't wanna kill no one but I ain't no motherfuckin  
chump

I don't wanna kill no one but I ain't no motherfuckin  
clown  
cuz I'ma have to kill someone just to get some respect

Look what you made me do man  
Look what you made me do man  
I didn't want it to come to this, right  
But fuck it..  
Niggaz will push you to that point man  
Niggaz will play with you so fuckin much man  
Aggravate you so fuckin much man  
That you wanna kill a nigga man  
Yea
