## Verse I

IÂ'm going out with a crash
Tear it up with my past
If you want it Bring the ruckus Turn it up a notch
You want to see me burn, but burning up your barns
and vermin
IÂ'm busting verses and rehearsing for your burial
IÂ'm doing cartwheels and aerials
Get out my way before I bury you
Carry you, out of my face is the scenario,
Telling you to come and bring the ruckus,

## **CHORUS:**

You can try but you wonÂ't take me down IÂ'm standing on my ground As all the fear inside me fades away

You can try to get a reaction But youÂ're no distraction to me Bring the ruckus to me, bring the ruckus, bring the ruckus to me, Bring the Ruckus Verse II This ainÂ't the first or the last IÂ'm pistol-whipping the track If you want it, come and get it You canâ't walk my path IÂ'm burning wholes in you, better run When you gonna learn Loaded weapons unloading on you With every word Shake you down into a misery, history Know my enemy youÂ're not a friend of me fade away Forever my time, all stars shine. Telling you to come and BRING THE RUCKUS

## **CHORUS:**

You can try but you wonÂ't take me down lÂ'm standing on my ground As all the fear inside me fades away

You can try to get a reaction But youÂ're no distraction to me Bring the ruckus to me!!!!!!!!!

Bridge:

Bring it on I will be your enemy Head strong you donÂ't want to fight with me

Bring it on I will be your enemy Head strong you donÂ't want to fight with me Bring it on I will be your enemy Head strong you donÂ't want to fight with me

Bring it on I will be your enemy Head strong you donÂ't want to fight with me
