Featuring Trevor McNevean of Thousand Foot Krutch/FM Static

Intro: open my eyes, open them wide

Verse I

Let me go, let me play, let me live a little yeah
Let me sow, let me grow, supernatural
Let me fly, let me ride living faith or die
Falling on my face 7 times yet I still rise
Eh yo, eh yo, I rode the merry go
Round and round let me get off IÂ'm not playing yo
Stop ripping me off IÂ'm not staying broke
People still wanna talk, my sleepÂ's sweet bro

Chorus:

I finally found, a place, to cover me,
That canÂ't be torn, or cut, by the words you say,
And your love and grace, they comfort me,
No one can take it away, no one can take it from me,
Kick it

Verse II

Downtown singing it, up town swinging it
Blow, blow ripping it, out loud kicking it
Follow suit with the crowd IÂ'm not, looking for crowns
uh huh
Sound of the rock!! Hey, Hey!!!

You asked me, passed me, stepping harass me
Do I ever feel like passing out in the back seat?
Ah yeah, not yeah, but sometimes yeah
But fear donÂ't got a hold of me this year
Girls donÂ't mean a thing to me in pairs
We rock as team our dreams are here
Billionaire boy, with a millionaire choice
Noise is chilling IÂ've been given a voice

Chorus:

I finally found, a place, to cover me,
That canÂ't be torn, or cut, by the words you say,
Your love and grace, they comfort me,

No one can take it away, no one can take it from me,
Kick it

Bridge

Open my eyes open them wide
Let me go, let me play, let me live a little yeah Let me
sow, let me grow, supernatural
Open myself to what I find,
Let me fly, let me ride living faith or die falling on my
face 7 times yet I still rise
Open my eyes open them wide
Every time I lie awake everywhere that I look I can see
your face

Chorus Repeats
