Intro: sometimes even when you feel like giving up, you just got a live on

Verse I

It all started at the age of 18  
Just a young kid out chasing a dream  
Streets was the hang out, every day kicked out  
Caught by security telling us to get out  
New route to the mall or my mom's house  
Girls would call just to talk or to hang out  
Good food, BBQ, playing halo 2  
I'm living proof of a dream come true  
I remember taking pics of the city life, seen a guy get  
his lights knocked out and out of sight, it all happened  
so fast we heard cops sound, this is a story of a kid  
from the down town.

I grew up on the north side east side,  
No gang signs yo we only through high 5's  
Skateboarder faith in Jehovah  
Stayed sober skate straight ye little soldier  
The takeover GO trains to great culture  
Range rovers ride down to California  
I'm rolling with my God to a different lifestyle, chic,  
chic blow  
Who would a thought I'd be down  
Looking at my life now it's all good understood  
Where I'm going and Japan's my new Hollywood  
A new look in my eyes but not dollar signs  
I thank God that he wiped away the hard times

Chorus:

Live on  
I know I can move on  
I got to dream it, live on!!  
I know where I belong  
Come on and sing it, live on!!

I know I can move on  
I still believe it live on!!  
I know I can be strong  
Come on and sing it, live on!!!

### Break Down

It's been over like 10 years now since I started music  
and, I never would  
Of thought I'd be travelling around the globe, seeing  
all these different cultures  
and people, its crazy

### Verse II

All I know is I'm a keep on rocking it  
Walking with a head strong full of confidence  
I used to sing in the bathroom only  
Now I sing at the shows with my hommies  
Get back, to back to back to basics  
Where I laced it, its dedicated  
To all the haters hit record you'll want to tape this  
Patience pays I stay on your station  
Made in Eden cause seeing ain't believing  
Speaking into being higher levels of freedom  
Can't take the glory cause son it's not my story  
He told me to say it, I'm his hands do it for me

I've been alone, now I'm living on, living strong  
Singing on, hey, hey let it come  
I've been alone, now I'm living on, living strong  
Singing on, hey, hey let it come

### Chorus Repeats

### OUTRO:

If you got a dream in your heart than say, HEYYYY eh  
Ohhh  
If you got a vision in your mind than say, HEYYYY eh,  
Ohhh  
If you wanna live on, than let me hear say HEYYYY eh  
Ohhhh  
If you got a dream in your heart than say, HEYYYY eh  
Ohhh
