Intro: Yo mana you ready man, you're on in 5 minutes  
dude, get your stuff get your DJ and go kill it

Verse I

I'm like blow

Step out on the stage like I'm infamous

Sound of a thousand kids screaming all into it

Like you no my name? Or even know my songs (What!!)

Adlibs

They even no the lyrics to chant and sing along (uh  
huh)

It's like eh yo, He got that style

I'm like yeah yall, it's going down

Emceeing with freedom I'm seeing

Kid's freaking the feeling of reaping the seeds and I'm  
speaking

And I like that, I'm a still rap

I won't come fake styling like ye plastic gats

If you didn't know I spit the syllables

Were bringing you Manafest style live at the rodeo,  
radio, video, stereo here we go

Hook:

I've traveled all over the globe

What's under ye nose

Rip the shows if it's sunny or snows

Sell it to the rich feed it to the poor and you know

Its Kodak moments up live in stereo

Rodeo, Radio, Video, Stereo

Verse II

Stage dive off a lyrical high without the red eyes

Spiritual miracle signs through the man I

Serve with the most respect, I don't boast to get

6 zero check's survival of the fittest

People diss ye, people like ye

Battle freestyle you. Who's wiser? You a rhymer?

Hope ye have your lyrical chops top notch

Before you get sling shotted off the mic and cut

It's a cold game pick up ye flow man

You better have skills plus an ill business plan  
Get thick skin or gain a lot of weight  
This is hip hop/ rock'n roll rodeo let's go!!!!

Verse III

Big crowds to small crowds, any crowd  
We go town to town, bust many styles  
People smiling all across the island  
Kick freestyle's till yall buck wilding  
My jeans is still sagging my face soaked sweating  
Before the show I'm in the bathroom resting  
My own private seat I peep a magazine  
Think about how I'm a emcee for his majesty  
I want a freak yall take ye so high  
I want freedom in ye life at all times  
We gonna rock from now and forever  
Are yall ready? (YEAH) well than bring it
