## Verse I

Another show, another freestyle another note,  
Another seed sown deep into the hearts of those  
Through a microphone speaking in a hyper tone  
Flights around the globe from Japan to Calico  
Iâ€™m only one man with one chance, and one command  
God as my witness I wonâ€™t given, Iâ€™m all in  
No matter how big or small or monies involved  
I wonâ€™t falter or fall Iâ€™m giving you my all

## Chorus

Every time, every mind, every music note,  
Man, itâ€™s beautiful, itâ€™s so beautiful  
Every city, every town, every decimal,  
Itâ€™s irrepressible, Iâ€™m a professional  
Every kick, every snare every line I write,  
Itâ€™s â€™cause you are my light  
Every vision, every dream, every sleepless night,  
Is right there when I hold this mic

## Verse II

You called me again called me your friend  
Even when I didnâ€™t call back ye still lent me your hand  
When I didnâ€™t have a cent, and on the floor we slept  
You still kept a close eye though I didnâ€™t understand  
Every mile I drove every city and home  
Another mile stone, wild you never left me alone  
Though I donâ€™t always get it, I could never forget it  
How you saved me made me, forever Iâ€™ll tell it

## Chorus

Every time, every mind, every music note,  
Man, itâ€™s beautiful, itâ€™s so beautiful  
Every city, every town, every decimal,  
Itâ€™s irrepressible, Iâ€™m a professional  
Every kick, every snare, every line I write,

Itâ€™s â€™cause you are my light  
Every vision, every dream, every sleepless night,

Is right there when I hold this mic

#### BRIDGE

When Iâ€™m out of line,  
Youâ€™re always by my side,  
And when I fall behind,  
You pick me up/  
When I try to climb,  
Feel like Iâ€™m losinâ€™ my mind,  
You, I can always find,  
Youâ€™re beau-ti-ful/

#### Verse III

Every time I fell down you knelt down to help out  
Ye so proud of me now, you called me to reach out  
With these sounds and freestyles overseas to speak  
out  
I can see it now you had it planned for awhile  
When everything else fails you are where I dwell  
Wind under my sails, thunder that brings health  
Wonder of the earth, love and cover my hurts  
Up and coming so stunning youâ€™ve been healing my  
world

#### Chorus

Every time, every mind, every music note,  
Man, itâ€™s beautiful, itâ€™s so beautiful  
Every city, every town, every decimal,  
Itâ€™s irrepressible, Iâ€™m a professional  
Every kick, every snare every line I write,  
Itâ€™s â€™cause you are my light  
Every vision, every dream, every sleepless night,  
Is right there when I hold this mic

Every time, every mind, every music note,  
Youâ€™re Beautiful,  
Every city, every town, every decimal,  
Youâ€™re Beautiful,  
Every kick, every snare every line I write,  
Youâ€™re Beautiful,  
Every vision, every dream every sleepless night  
Is right there when I hold this mic
