Don't baby don't believe that I wont, say what I got to say.  
And baby don't think its fine to mess with my mind  
Every time you decide to stand in my way.  
Don't baby don't believe that I wont, play when I got to play.  
And baby don't think its fine to mess with my mind,  
Every time you decide to stand in my way.

yeah yeah

I see where I wanna be,  
Don't no-one try stopping me,  
I do what I wanna do,  
Don't wanna be like you,  
I see where I wanna be,  
Don't no-one try stopping me,  
I do what I wanna do,  
Don't wanna be like you

Chorus:

I've been looking for a place to go  
Every where I know its just the same old thing  
Just different faces staring back at me  
Nothing new to see  
Its just the same old thing  
been looking for a place to go,  
Everywhere I know its just the same old thing  
Just different faces staring back at me  
Nothing new to see  
Its just the same old thing

You had your way,  
Better gone than belong to what was yesterday.  
Rude or subdued,  
Never knew what was true or who would undo our thing.  
Cos I understand a compliment  
I appreciate his cause,  
I think that me and him are just the same  
Cos I live by my own rules,  
And ill never be just what you see please don't try to

label me  
I have to speak my mind not stand in line  
Cos I live by my own rules

(Chorus whistled)

Chorus

Don't entertain people who try to say  
That, they play the game  
They're all the same: x 2

(Repeat chorus to fade).
