I won't know another
'til I know
I won't know another
'til I know

Even though I keep on telling you
But still oh no no

I won't know another 'till I know

Here
Only love
Don't invent me
'till you need me
Will I fall in now

Only love
Don't invent me
'till you need me

I won't love another
'till I learn
I won't love another
'till I learn

Even though I keep on telling you
But still oh no no

I won't love another till I learn

Here
Only love
Don't invent me
'till you need me
I fall in now
Only love
Don't invent me
'till you need me
(x4)
