I felt a black man in my teeth, what a way
Jesus is coming, he acts my age, and he always looks
the same
I said a good seed was on your break wasn't a mistake
anyway
Well Jesus is coming better act our age
And clean everything
And make a seem

Like you never really needed it anyway,
Yep you never really needed it anyways, okay, okay

John spoke a theory straight in to my brain
God damn did you mean to do that to me
Well Jesus don't come round
Unless we pray each day for 500 days

I don't know what you want anymore
No, I don't know what you want anymore
So we can see

That you never really needed it anyway
No you never really needed it anyway

So we can see

That the bottom going to bury us anyway
So I am doing what I gotta to stay awake
Yeah I am doing what I gotta to stay awake, okay

What happens when I don't know what happens
What happens when I don't know what happens

Just stop and go and stop and go till you can't go run
anymore
Just stop and go and stop and go till you can't go

Make it seem
Like we never really needed it anyway
Yeah we never really needed it anyway

So we can see

That the bottom gonna bury us anyway
Yeah your doing you gotta to stay awake
Yeah I am doing what I gotta to stay awake
