I was walking, you were watching  
I pretended to not see you  
But I always knew?

You were tough , a little rough  
But I always saw through you?  
I always knew

I was shy, a little sly  
I was waiting for the perfect time  
To make my move?

Separated by the summer ?  
Couldn't wait til I'd next see you?  
And that's when I knew

Chorus  
Everything's gonna be alright cause I know I've got you  
by my side tonight  
And I know it's gonna last forever  
You and me babe were meant to be  
All the things, all the things they say  
Well, let 'em all talk cause their crazy?  
Everything's gonna be alright cause I know I've got you  
by my side tonight.

We were walking, they were talking  
I fell in love with you?  
But you never knew

You were sly, a little shy  
But I always knew that too  
When I found you

I was tough, a little rough  
You were waiting for the perfect time  
To make your move

Separated by the summer ?  
Couldn't wait til I'd next see you?  
And that's when I knew

## Chorus
