I've had enough of the latest hits &
The ignorant people called the critics
Persuading the people with their biased opinions
About rock n roll bein over and done with

I turn on the t.v. & what do i? see but
Another song with a picture story
Forget the music watch the video
It seems you've forgotten what it's all about

Videos killed the rock' n roll they didn't just kill
The radio
Videos killed the rock' n roll they didn't just kill
The radio
Well rock's not dead
It's in your head
They say rock is dead
Well who's playin' the hits
Lets go

I've had enough of the lame buzz clips &
The foolish people who buy into it
They're forgetting that the one thing that will never go
Is the sound of the guitar when it's
Rock' n roll

Now come on kids don't let it go
Turn off the t.v. turn up the radio
You're forgetting that the one thing that will
Move your soul is the sound of a drum beat
When it's rock' n roll

Videos killed the rock' n roll they didn't just kill
The radio
Videos killed the rock' n roll they didn't just kill
The radio
Well rock's not dead
Yeah it's in your head
They say rock is dead
Well it's in your head
Lets go

Videos killed the rock' n roll they didn't just kill
The radio
Videos killed the rock' n roll they didn't just kill
The radio
Well rock's not dead
It's in your head
They say rock is dead
Well who's playin' the hits
Lets go
