I used to watch you laugh
I used to feel your heart beat
You said to me you'd never leave
When everything was good

I used to watch you laugh
I used to feel your heart beat
You said to me you'd never leave
When everything was good

I remember you back then
We used to walk hand in hand
But time went by you left my side
And i was all alone

Ooh you're gonna bring an end to it all
Why'd you do it
You went & ruined my day
All the times you really did
Last night i thought about it
Now you never wanna stay & now
Little by little you're slippin' away
Little by little you're slippin' away

I walked into the last stop
Sat down on the bar stool
I turned around the lights went down
& you were standing there

I felt like i was missing out on all the
Lost times when i reached out & you weren't there
Another night and you don't care about the
First time or about the last time that i held
Your hand said your name the jokes on me its
All the same anyway

Ooh you're gonna bring an end to it all
Why'd you do it
You went & ruined my day
All the times you really did
Last night i thought about it

Now you never wanna stay & now
Little by little you're slippin' away
Little by little you're slippin' away
Little by little you're slippin' away
Slippin' away
Slippin' away
Slippin' away
Slippin' away
