You said you loved me
More than anyone else could ever know
But now you're leaving
Can we just strive to work this out
And I've never been one to beg

The nights get lonely
And all I have left is a memory of you
I tried to say this
But now there's nothing left for me to do
And I've never been one to beg

Chorus:
Please don't go, just stay
I watched with tears in my eyes as you walked away

Miss your voice, and your touch
And if I told you I loved you could that be enough?

And now the silence
It's been too long since I've heard from you
And I lay sleepless
Knowing that my heart still belongs to you
And I've never been one to beg

Chorus [x2]

And tonight I'll stay home and miss you more than
you'll ever know [x4]
