Just cause I'm small
Can't hurt you at all
I'm only a girl, what to do?
Let me sing my song for you

Not many can
Resist my command
I know just how to get to you
Let me sing my song for you

When you lay down late at night
I'm the siren you can't fight
I know you don't stand a chance
There's nothing you can do
Once I put my spell on you
When I sing my lullaby...

Lullaby...
Lullaby...
Lullaby...
When I sing for you my lullaby

Now that you've seen
It wasn't a dream
Reality got the best of you
Told you boy, I would come after you

Now it's too late
Can't hesistate
Can't hide this fate with dajavoo
Watch out boy, I'm coming for you

When you lay down late at night
I'm the siren you can't fight
I know you don't stand a chance, boy
There's nothing you can do
Once I put my spell on you
When I sing my lullaby...

Lullaby...
Lullaby...
Lullaby...

When I sing for you my lullaby

In your sleep
It's got you so deep,
My sweet melody
Has captured you for ever more...

Lullaby...
Lullaby...
Lullaby...
When I sing for you my lullaby
Sing my lullaby...

When you lay down late at night
I'm the siren you can't fight
I know you don't stand a chance
There's nothing you can do
Once I put my spell on you
When I sing my lullaby...

Sing my lullaby...
