### "Modern Girl"

In charge of all  
That makes the world go round  
She is the one  
Who holds my heart spell bound  
Searching for the  
Answers to the questions  
That she needs to  
Resolve with all her passions

Secretly she wants to be  
A modern girl in the modern world  
Taking everything she needs

A modern girl in the modern world  
She so costly never free  
A modern girl in the modern world  
Teasing everyone she meets  
A modern girl in the modern world

The way she walks  
Around just like a goddess  
Each day as she  
Makes everyone so obsessed  
Over her lies  
She always gets her way  
Seizing moments  
Of each and every day
