"Crawl"

I'm tired of waking up
In someone else's skin
I'm wired and all strung out
Just waiting to begin

Know that I tried so hard
To find a way
To find a way
This time

But it takes so damned long
When you want
When you want
It to be right

He said:

Chorus:
You've got to know
You can't run before you learn
How to crawl
He said:
You've got to know
There's no shortcuts if it's
Worth it all

It's something
That I feel like
I feel like
You've got to know
You've got to know

I'm tired of waiting for
The phone to ring someday
I'm choking on bullshit now
And all my grand mistakes

I follow all their rules
You never try
You'll never live
You'll never know

But I will still refuse
To play a part
It gets too hard
To sink that low

He said:

(Chorus)

It's something that I feel like
I feel like
You got to know
You got to know

You'll run and then you'll make it
On your own
