You disgust me
Repulse me
It's all lies
The purity
That I once saw
Has turned vile

I could let you destroy me
Captivated by your aim
You use your station wisely
For your own selfish gain

I know
I know you thought I'd believe
But you can't
You can't expect
That I wouldn't see

Chorus:
What everybody knows
It's all lies
I'm terrified
That inside
I might be gifted
Twisted
Sick like you
Ashamed I'm the same
I am like you

And everybody knows

I implore you
I'll ignore you
You should leave

The pedestal
Is on the floor
But I won't grieve

You're a mirror for me now
There is nothing to explain
You broke a sacred vow

Only ugliness remains

I know
I know
Your tricks I know
You thought I'd believe
But you can't
You can't expect

That I wouldn't see

Chorus:
What everybody knows
It's all lies
I'm terrified
That inside
I might be gifted
Twisted
Sick like you
Ashamed I'm the same
I am like you
Everybody knows
You can't hide
I'm horrified
That inside
I might be gifted
Twisted
Sick like you
Ashamed I'm the same
I am like you

Evil...

(Chorus)

That inside
I'm like you
And everybody knows
