Feels like I've been holding my breath, trying to still my
restless heart
Everything hangs on my next step, finding my nerve,
playing my part
I found shelter underneath His crown, found favor
inside His eyes
Rock this boat, and I just might drown, honesty seems
to come with a price
There's a time to hold your tongue, time to keep your
head down
There's a time but it's not now

Sometimes you gotta go, uninvited
Sometimes you gotta speak when you don't have the
floor
Sometimes you gotta move, when everybody else says
you should stay
No way, no, not today
You gotta ask, if you want an answer
Sometimes you gotta stand apart from the crowd
Long before your heart could run the risk
You were born for this
You were born for this

I'm leaning on the ones before me, my father's father's
dreams
I'm standing on the top of their shoulders calling the
One delivering me
There's a time to hold your tongue, time to keep your
head down
There's a time but it's not now

Sometimes you gotta go, uninvited
Sometimes you gotta speak when you don't have the
floor
Sometimes you gotta move, when everybody else says
you should stay
No way, no, not today
You gotta ask, if you want an answer
Sometimes you gotta stand apart from the crowd
Long before your heart could run the risk

You were born for this
You were born for this

One step, one move.
Born to trust You.
Made to lay my
Life before You

Sometimes you gotta go, uninvited
Sometimes you gotta speak when you don't have the
floor
Sometimes you gotta move, when everybody else says
you should stay
No way, no, not today
You gotta ask, if you want an answer
Sometimes you gotta stand apart from the crowd
Long before your heart could run the risk
You were born for this
You were born for this
You were born for this
You were born for this
You were born for this
