

## Mandisa "Christmas Day"

Visit "[Christmas Day](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Snow covered rooftops, lights on the trees  
The sound of singing I hear down every street  
Families have gathered from miles away  
Oh, Merry Christmas, it's Christmas day

You see that old tree down Cotton Lane  
Those lights keep shining, it's always the same  
We hear the church bells ring out to say  
Oh, Merry Christmas, it's Christmas day  
Oh, Merry Christmas, it's Christmas day

Swing the lights and hang the stockings  
Decorate with green and red  
Made the cookies for old Santa  
Made a runway for his sled

Singing carols on a sleigh ride  
Gather 'round the manger scene  
Open presents, read the letters  
And together we will sing

Oh, Merry Christmas, joy to the world  
For every nation, for every boy and girl

Let's light a candle, for peace we pray  
Oh, Merry Christmas, it's Christmas day  
It's Christmas day, it's Christmas day, oh

Let's light a candle, for peace we pray  
Oh, Merry Christmas, it's Christmas day  
Oh, Merry Christmas, it's Christmas day, oh, ooh
