"Leave In The Valley"

I got your message on the phone so tell me what's
going on?
You say your day started so great and then it went so
wrong
No one ever plans for the bad days, do they, no
But I am here if you're needing a friend

Hey, don't give up tonight
I know you're going through the valley,
but you're gonna make it out alright
Hey, tell your troubles goodbye
Go on and leave it in the valley, leave it in the valley
tonight

So you think He don't know what He's doing
You think He ain't by your side
Well, God knows when you're broken
And He's loving you, He's holding you so, so tight

So let the rain fall He'll be standing there getting wet
with you
You might get cold but you won't be there alone

[Chorus]

And when you're hanging by a thread hold on
You know the darkest part is right before the dawn
So when your fear has worn you out
Feels like the sky is on the ground
He ain't gonna let you down
He'll never let you down

[Chorus]
