All you saw was pain all you saw was rain but you
should see me now moments filled with tears lasted all
those years disappeared somehow you never said
goodbye on your knees youd cry your still asking why,
but

(chorus)

blue has never been bluer true has never been truer
honey never tasted so sweet theres a song in the
breeze a million voices in praise a rose has never
smelled redder the sun has never been brighter if i
could find the right words to say if you could look at my
face if you could just see yhis place you wouldnt cry for
me today

what you think you see isnt really me im already home
youve got to lay it down cause jesus holds me down
and i am not alone your faith is wearing thin but i am
watching him and hes holding you to, and

(chorus)

what may seem like years will just be a moment oh, the
day will come when i show you where your going i cant
wait to show you that

(chorus)
