I saw you staring, pretended not to care  
You left your hirsute presence hanging in the air  
I didn't want to fall in love  
But now I think you've changed my mind

Yeah, there was someone, but that was years ago  
She was positively charming but I had to let her go  
She needed to be adored and I didn't feel inclined

There's no way, since then that  
I've ever wanted anyone to stay again  
Oh, but you just really turn me on

And I can't take my eyes off you tonight  
If you asked me to make love to you, I might  
Because nobody's ever made me feel like this before

It's disconcerting, becoming quite surreal  
There is no point in asking because I don't know how I  
feel  
But I'm sure that this is something too good to ignore

There's no way, since then that  
I've ever wanted anyone to stay again  
But now suddenly those thoughts have gone

There's no way, since then that  
I've ever wanted anyone to stay again  
Oh, but you just really turn me on

There's no way, since then that  
I've ever wanted anyone to stay again  
But now suddenly those thoughts have gone
