Do You think that a California girl is supposed to have  
curls and wear a jean size 3?  
All the curves in all the right places, spray tanned faces  
just like on TV?  
And we read in the gospel of Vogue that we're all  
supposed to dress and move and be  
Visions of perfection  
Such a misconception  
'Cause the real connection is deeper than the eye can  
see

Chorus:  
What's inside of you  
What's inside of me  
The hands that made the moon, the stars  
The mountains and the seas  
Made you wonderful, beautiful, marvelously  
Let the whole world see your  
True beauty  
The whole world see your true beauty

Don't know much about Dolce and Gabbana  
Seems like a lot of drama to me  
And you can keep all your red high heels  
And open-toed shoes - I'm good in my bare feet  
Lets get down to the nitty gritty  
Enough sex and the city  
What about purity?  
Skin is just the surface  
The passion and the purpose that's burning down  
inside us  
Is really what we need to see

Chorus

Doesn't come in a bottle, doesn't come in a box  
You can't spray it on, you can't wash it off  
You can't nip and tuck, you can't sew it up  
So don't waste your time  
It's the love in your heart, the peace in your soul  
The hope in your smile lets the whole world know  
This little light - you gotta let it shine

Chorus x2
