We call it lady nowadays,  
When you're put down with your panties, issues maid!  
And when you're making my bed,  
Remember you have to make yourself  
But I don't know where it's going I've got a picture of  
'em all  
If it's going deathrow? I've got a picture of 'em all and  
you know who'll cause it -  
That's your home

And time's out on the street  
If time eats, then it's fought by a warrior  
You've got lust for b love  
You've got anything life could need  
But I don't know where it's going I've got a picture of  
'em all  
If it's going deathrow? I've got a picture of 'em all and  
you know who'll cause it -  
That's your women - let your women dry  
Every head in Kine - let your women dry  
Everywhere, I trust - let your women dry  
Everywhere, I seek my purity in love affairs

I wanna beat you in all  
I want beat but it's all to much now  
I've got lust for b love  
I've got anything life could need  
But I don't know where it's going I've got a picture of  
'em all  
If it's going deathrow? I've got a picture of 'em all and  
you know who'll cause it -  
That's your women - let your women dry  
Every head in Kine - let your women dry  
Everywhere, I trust - let your women dry  
Everywhere, I seek my purity in love affairs  
That's your womenâ€¦
