If you like to get in touch with me someday  
I know just what you'll say, useless empty words  
You close your eyes and try to talk me through  
No matter what you'll do you know I'll be just fine

So come on, come on, come on, come on  
Dress me like a queen  
Confuse me, even steal my inner feelings  
Come on, come on, come on, come on  
Change the way I've been  
Just hold me down, abuse my mind forever, yeah, oh  
yeah

You held me down that night so long ago  
I knew you sold your soul to that devils hole  
And I was a part of licking tears from you  
No matter what you'll do you know I'll be just

So come on, come on, come on  
Dress me like a queen  
Confuse me, even steal my inner feelings  
Come on, come on, come on, come on  
Change the way I've been  
Just hold me down, abuse my mind forever, yeah

Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on

Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on

Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on

Come on, come on, come on, come on  
Dress me like a queen

Confuse me, even steal my inner feelings  
Come on, come on, come on, come on  
Change the way I've been  
Just hold me down, abuse my mind forever

Don't stop it, hey, hey  
Don't stop it, no, no
