I don't care what the people say
I wear my pain every day
People say it's a waste of time
I say it suits me just fine

You, what's on your mind?
The last time I saw you, you'd hide
I don't feel very right
My mom says I'm December child

I don't care what the people say
I wear my pain every day
People say it's just a waste of time
I say it suits me just fine

You, what's on your mind?
The last time I saw you, you'd hide
I don't feel very right
My mom says I'm December child

I don't care what the people say
I wear my pain every day
People say it's a waste of time
I say it suits me just fine
I say it suits me just fine
I say it suits me just fine
