Generations of hate  
People without love  
People with broken souls  
Domination of weak minds  
Supremacy over the lands

Now is the angelical mourning  
The sadness within the stars  
The witheredness in our hearts  
Self-destructive compassion

Only say  
We are kings  
Of our kingdom  
And we will never be forgotten

Only cry  
Only cry for our failed dreams  
And lets dry the tears  
In our hands and soil

I am your guide  
Follow my advices  
Don't leave me... in the cold lands  
I am your faith  
Your polar star  
Your sun, your sacred sign

A killer of dreams called God  
A warrior without emotions  
He is the soul's manipulator

Child's depravator  
Women consolator  
Infested-obscene heart's devastator  
He's the orgasmic system  
That swallows your innocence

Apex degenerate

You are sentenced  
By a mutant soul

An orgy of lies  
A convulsed mind in the dark  
A scorn of the truth  
A coax for the infinite cosmos  
He is the human evolution manipulator...
