Bertini/Bucci

I know this shakin' shinin'  
over the hill of my sighs  
through the night that was fallin'  
but when I heard your voice  
there was a great silence  
through the fire twilight, promised to me  
I saw them...  
The fadin' beauty wraps up my min  
You now see me crucified  
It's the twofold Bible of my magic life  
and the nightfall flowers,  
It's a twitch of a wounded bleedin'  
It seems like a storm of clouds and cry's of a virgin  
sky...  
Come! now you'll scream  
Must've been an imp or swindle  
must've been the blood of my life, or five tear  
drops of a snake of my night  
and moonlight  
must've been the blood of a virgin  
must've been the ghost of a deep night  
must've been the sunset cry  
must've been the love of the shinin' light

I can see my life all over....  
Two rinds of lizard skin and  
one little piece of jasper  
Dead raven's tongue and slaver  
of drake and dragon's tail  
but now, you, for my soul and for me sweet livin'  
lymph,  
will you be ready to come back again?  
I can change your life  
with the deadly-nightshade  
through the darkness of the night  
and virgin skies....  
Come! now you'll scream  
Must've been an imp or swindle  
must've been the blood of my life, or five tear  
drops of a snake of this night

and moonlight  
must've been the blood of a virgin  
must've been the ghost of a deep night  
must've been the sunset cry  
must've been the love of the shinin' light  
...and I will see...
