Bertini/Bucci

There was a time where only spells  
goin' through my enchanted life  
you touch and come in where I saw and see

Deepen insidemy wishes' well  
I look for you  
Babe all around  
tell me if you're ready  
to be all...mine

You'll change your mind if you drink this!  
You'll see the light if you trust me  
Take my hands and hold me

Live my life and come after me  
Finally you found my wishes well  
now howlin' cries are dancin' around  
you can still join them wait and see

Life after deep death is fallin' down

Searchin' for somethin' you can change your mind  
now!  
but you remember...I'll be here!

Break my heart and I'll squeeze you  
Tear my mind and I'll blast you,  
Be all mine and I'll bless you  
Call my name and I'll save you.

Now your desires dance through the spells  
but if you cry they will come back  
you can be blessed  
li this is what you want...  
My dear!  
You're goin' into your grave...  
Remember your choice!  
If you want to save your life,  
now you call my name!
