"Out With The Boys"

You went out last night
You had yourself such a great time.
Hung out with the boys.
Got drunk and made some noise.
And when it came time to go
You drove your car home oh so slow
And so on top of it
Made like a dog didn't care one bit
That's she's not waiting up for you
Or eatin' her heart out on what you been into.

And when I saw her yesterday
And couldn't find a thing to say
Guess I thought she rapped on
'Bout Larry and Matty and some guy John
And throw her some good time
Dishin' out the drugs and the wine
Those other boys they got drunk and made some noise
That's why she got home at nine
To pick up the phone and answer calls before time

Mercury's bustin through
Thermometer's in an anger too
Let's go down to the shore
Can't get stuck I can't take no more
Youngster screams a bit (?)
Upon her grudge fund to be lit (?)
Then turned and walked away
To see the guys yesterday
And I hung out with the boys
Got drunk and made the still some noise

So you went out last night
You had yourself such a great time.
Hung out with the boys.
Got drunk and made some noise.
And when it came time to go
You drove your car home oh so slow
And so on top of it
Made like a dog didn't care one bit
That's she's not waiting up for you

Or eatin' her heart out on what you been into.
