(Kermit Goell - Theodore Rhodes)

Ever true evermore will I be
Ever constant my heart like the sea
Ever lasting is my love
Like the sun that reigns above
And the stars that shine through all eternity.

Ever true is the song that I sing
Evermore may the melody ring
And it's you the words are for
Words I never said before
I will be ever true evermore.

--- Instrumental ---

Ever lasting is my love
Like the sun that reigns above
And the stars that shine through all eternity.

--- Instrumental ---

And it's you the words are for
Words I've never said before
I will be ever true evermore

Ever true evermore will I be
Ever constant my heart like the sea
Ever lasting is my love
Like the sun that reigns above
And the stars that shine through all eternity.

Ever true is the song that I sing
Evermore may the melody ring
And it's you the words are for
Words I never said before
I will be ever true evermore...
