And then those funny, familiar, forgotten feelings
Started walking all over my mind

Last night, quietly, you walked through my mind
As I lay searching for sleep
Your hand reached out, you whispered my name
As you brushed a tear from my cheek

And then those funny, familiar, forgotten feelings
Started walking all over my mind

Well, now I must go on, be strong
Though a million teardrops may fall

For those funny, familiar, forgotten feelings
Started walking all over my mind
